WELCOME!

Welcome to our 10th International Summer School of Social Work!

Our program offers new events and experiences, a streamlined academic schedule, online digital courses, and innovative social impact projects. With the added perk of an extra 3 days in Paris, free of charge, what is there not to like?

The Paris Summer School of Social Work offers an immersive curriculum that masterfully blends formal academic theory with practical, real-world application. Set in a vibrant international environment, the program is packed with professional field visits to leading agencies, collaborative workshops, and rich cultural activities. This unique approach is designed to advance your practice and deepen your global perspective, reflecting the dynamic and evolving nature of social work itself.

The Paris Summer School of Social Work is the best program for study-abroad. It is excellent academically, and the combination of academic classroom time, field visits, and field placements provide the most comprehensive and well-rounded learning about social work in France. I am extremely satisfied and I believe my students are happy and satisfied as well. I look forward to bringing many more students in the future.

I am grateful for the opportunity and confident that the insights gained will significantly contribute to my effectiveness as a social worker.

Bridget - USA

I loved the opportunity to go in and visit the agencies, I felt that they were just the right length of time to get a good grasp on the provided services and agency mandates, while also getting to observe and take in the work being done. Everyone that met with us was wonderful and friendly and so genuinely passionate about their work and curious to hear from us!
